

DILO Certified SF₆ Gas

DILO Certified SF₆ Gas complies with IEC 60480 and IEEE C37.122.3-2011 standards.

DILO Direct, the nation's leader in SF₆ on-and-offsite services, is the exclusive supplier for DILO Certified SF₆ Gas. DILO Direct uses DILO engineered, manufactured, and dedicated SF₆ equipment to provide SF₆ gas that exceeds IEC 60480 and IEEE C37.122.3-2011 standards. DILO Direct uses DILO SF₆ gas separators which utilize a chryogenic process for gas purification. With locations in Florida and Arizona, DILO Direct is able to supply DILO Certified SF₆ Gas in time efficient manner to any location in the US, Canada, Latin America, and the Carribean. Inquire about applicable discounts on SF₆ gas with DILO Direct on-site service!

What to Expect:

- DILO Certified SF₆ Gas will always be >99.99% pure, contain <40 ppm moisture content, and contain zero SO₂/ gas by-products.
- DILO Direct conducts testing and certification of each individual cylinder of SF₆.
- Utilization of random, third party batch testing to verify results.
- DILO Certified SF₆ gas will always be filled into new, re-certified, or valid in certification customer cylinders that are DOT or ISO stamped and free of residual contaminants (i.e. SO₂, other vapors, oil, etc.).

Additional Options:
